

## Walk up Jardine House 2008

It has been the fifth time Quality HealthCare joining the Walk up Jardine House. This year, 6 of our staff including Eric Man (Business Division), Cybil Wong (Laboratory), Annette Chow (Laboratory), Sam Ng (Physiotherapy), Louie Chan and Max Wong (Physiotherapy) had participated in this meaningful event on 20<sup>th</sup> April 2008.

With the great effort of the Quality HealthCare Team, \$28000 was raised in the event. We were also very pleased that they had completed the 50-floor run in 4 minutes and 54 seconds and ranked 18 out of 69 corporate teams! The raised fund will be used for the support of the Health in Mind Programme that aims to initiate mental health education among youngsters.

*We all prepared well with our green Quality HealthCare shirts!*
